Winter Takes Over

Until the past week winter has been hesitant about appearing on the weather stage but when he did come on it was in full costume. A fairly thick blanket of snow covered the countryside last week as witness this scene. And then this week someone tampered with the thermometer and let the mercury down to practically zero, causing a large number of people to complain. And next July or August most everyone will be thinking how pleasant it would be to have a touch of winter to temper the heat of summer. Say—a little of that hot stuff from last summer would feel mighty good now, wouldn't it?

Lake-Cook Farm Supply to Hold Annual Meeting

The board of directors of the Lake-Cook Farm Supply Co. announced that the 29th Annual Meeting would be held on Jan. 12, 10:30 a.m. at the Grayslake grade school, State Routes 12 and 21, Grayslake, Ill.

Reports detailing all operations of the Company during the past twelve months will be made and which will be of much vital interest to the membership.

The board hopes that every member and patron will attend the annual meeting and add his best thinking and his counsel to the ways and means in which he can best be served by the company during this period of adjustment in the farm price structure.

The principal speaker will be Paul Mathias, legal counsel and secretary of the Illinois Agricultural Association.

A hot lunch prepared by employees of the company will be served. All farm bureau members, patrons and their families are invited.

Lake-Cook Farm Supply Co. is owned and controlled by Lake and Cook county farmers. The company, which has been in operation for the past 29 years, markets grain and distributes petroleum products, feed, plant food, farm supplies, and seeds.

Banks to Hold Annual Meetings

The annual stockholders meeting of the banks in this area will be held as follows:

Frankfort State Bank: Tuesday morning, Jan. 8 at 10:30 in the village hall.

Mokena State Bank: Wednesday morning, Jan. 9 at 10 o'clock in the bank.

Bremen State Bank: Thursday evening Jan. 10, 7:30 o'clock in the bank in Tinley Park.

Orland State Bank: Monday morning, Jan. 14 at 10 o'clock in the bank.

SCOUT PAPER DRIVE

The Boy Scouts of Orland Park, troop 251 will conduct a paper drive Saturday, Jan. 5, at 9 a.m. Papers and magazines may be left at the curb for pick-up or taken to the big truck located at the public school.

Special Election In Doctor School Saturday, Jan. 5

The special election to approve a school site and bond issue for a new school building will be held in the Doctor school, on 159th st., near 114th ave., Saturday, Jan. 5. Polls will be open from 4 to 7 p.m. If voters approve, the new building will be located on a seven acre site at 11351 W. 159th st. It will consist of three rooms and be so designed that enlargement may be made at minimum cost.

The total bond issue would be \$70,000 of which \$7,000 would be earmarked for the purchase of the site, the remainder to finance construction of the school.

Frances Miller Succumbs at 63

Mrs. Frances Miller, nee Cure, 63 years old, of Blue Island but formerly of Orland Park, died Monday, Dec. 31 at St. Francis hospital following a long illness.

She was born on a farm in Worth township, Jan. 29, 1893 and resided for many years in Orland Park. She operated a restaurant, the Purple Candle, in Orland for 10 years. After she sold out Mrs. Miller moved to Blue Island.

Surviving are three sons, Robert, an automobile dealer and building inspector in Orland; Melburn of Chicago and Ralph, of Hometown; two daughters, Mrs. Blanche Walther, of Dolton and Mrs. Dorothy Zawadzki of Clearing; three sisters, Mrs. Carrie Madlund, Mrs. Lillian Jones and a brother, Robert Cure, all of Blue Island, and seven grandchildren. A sister, Mrs. Rose Ebert, preceded her in death.

Removal was to the Hallinan funeral home at Blue Island where friends may call. Services will be held tomorrow morning, Jan. 4, at 10 o'clock at St. Michael's church, Orland Park, with the Rev. Frank Coyle officiating. Interment will be in the parish cemetery.

County Sets Up Highway Program For 1957 in South Suburbs

Highway construction and improvement projects totaling \$119,309,000 in estimated costs have been approved by the board of county commissioners, Cook county, as the 1957 program, it has been announced by board president, Daniel Ryan.

Most of the appropriations are for expressways, as has been the case in recent years, but the program also itemizes work planned on city and suburban streets and rural highways in the sum of \$15,889,000.

Of this amount, \$5,001,000 or 31.47 per cent is allotted for work in the south suburban areas.

While all the projects are intended to be carried out in 1957, Ryan said, there may be unforeseen obstacles in some instances that will cause postponement of completion to the following year.

Non-expressway work will be done with the county's share of motor fuel taxes, the board president explained, while the expressway construction will be done with federal funds under the new interstate program and the county's contribution under that program.

A partial list of the improvements slated for nearby areas in the south suburban region follows:

Sauk Trail—Grade separation at Illinois Central railroad; rear-end matching funds; total cost, \$600,000; county's contribution, \$240,000.

South Park ave. - Bridge, H. newood, \$150,000.

South Park ave. - Widening to four lanes and resurfacing between Dixie hwy. and 159th st., Hazelcrest, Markham and Harvey, \$390,000.

Jo Orr rd. - Bridge, \$600,000. Jo Orr rd. - Two-lane construction between Halsted and State sts., \$130,000.

67th st. - Grade separation and approaches over B. & O. C. T. railroad at 76th ave., \$400,000.

State st. - Two-lane construction between Steger rd. and Sauk Trail, \$120,000.

Vermont st. - Widening to four lanes and resurfacing between Division and 127th sts., Calumet Park, Chicago and Blue Island, \$304,000.

George Brennan hwy. - Resurfacing between Cicero ave. and 147th st., 4.36 miles, rural area, Markham and Posen, \$96,000.

131st st. - Two-lane resurfacing between 96th and Harlem aves., \$81,000.

119th st. - Four-lane resurfacing between Western and Ashland aves., Chicago and Blue Island, \$43,000.

119th st. - Two-lane resurfacing between 96th ave. and S.W. hwy., rural area, Palos Park, \$45,000.

143rd st. - Two-lane resurfacing between Will-Cook and Wolf rds., \$22,000.

Wolf rd. - Two-lane resurfacing between 183rd st. and S.W. hwy.; Federal matched funds; total cost \$26,000; County's contribution, \$10,000.

Standard baseball bats are made from ash wood.

9:30 pm. to 2:30 am. and refreshments.

Bob Bettenhausen is chairman of the dance and tickets may be obtained from all members of the volunteer fire department.

Former Orland Man Heads Masonic Lodge at Lakeland

C. Philip Burkhardt, a former resident of Orland Park and now of Lakeland, Fla., has been installed as master of Lakeland lodge, No. 91, F. & A.M.

Installation ceremonies were conducted last Friday night, Dec. 28.

Mr. Burkhardt has been quite active in Masonic affairs for many years. He is a member of

Philip Burkhardt

the Consistory of the Scottish Rites body and is also in the York Rite. In this latter branch he is master of the third veil in the chapter of Royal Arch Masons at Lakeland and captain general in the Commandery. He also is a watchman of the shepherds in the Order of the White Shrine of Jerusalem.

Since he has been living in Florida, Mr. Burkhardt has been building homes, principally for persons moving down from the north.

Monday 1st Day For Filing In Town Election

First day for filing nominating petitions by candidates in the Orland township election is Jan. 7—next Monday—and the last day is Feb. 26. Last date for withdrawal is March 2.

Nominating petitions may be obtained from Town Clerk Ralph Agate.

The town election is scheduled for April 2. In Orland township nine officials will be elected:

Supervisor, town clerk, assessor, highway commissioner, town collector, two constables, two justices of the peace and one school trustee.

Those now holding these offices have not indicated whether they will seek re-election. Fred Yunker is supervisor; Agate, town clerk; Otto Schilling, assessor; Carl M. Bormet, highway commissioner; Thomas Ludes and Eric Emblom, constables and George Flondor and John Cole, justices of the peace.

New building in the Chicago region for 1956 will again pass the billion mark for the second consecutive year.

With figures in for only 11 months—December's totals are still lacking—building in 1956 has passed the 1955 mark by \$60,000, according to a report by Bell Savings and Loan Association.

Bell issues a report each month and its president, Myron H. Fox, points out that 1956 has been the best building year in the history of the Chicago region.

The November reports of permits for new building, he said, brought the total for the year up to \$1,091,719,407 as compared with \$1,030,930,888 for the 12 months of 1955.

"No previous year ever came anywhere near the billion mark," Mr. Fox added. "Ten years ago 1946 reached a quarter billion. Then the climb began and seldom wavered until the present summit was reached."

"In November all building amounted to \$91,082,039. A seasonal slump always appears in November and this year was no exception, for the October total was \$102,329,497. The noteworthy point is that building in November (Continued to page 2)

Blaylock Trial Set for Jan. 18 By O'Connell

The trial of Woodrow Blaylock, indicted for the murder of his mother-in-law, Mrs. Hilding Anderson, and attempted murder of four other persons, scheduled to start yesterday in the Chicago criminal court, was continued by Judge Harold P. O'Connell until Jan. 18.

Blaylock was identified by the victims as wielding the shotgun and pistol which he used in the savage assault.

He is alleged to have entered the Hilding Anderson home at 12:45 a.m. Sunday, Oct. 29, used a shotgun to kill Mrs. Anderson, then in turn visited the bedrooms of the other victims.

Three shots from a pistol pierced the spinal cord of his father-in-law, Hilding Anderson. It is said Anderson's wound will confine him to a wheel chair for the rest of his life. Mr. Anderson is now in Florida.

Blaylock is accused of then firing a shotgun at his estranged wife, Shirley Blaylock, wounding her in the neck. Mrs. Blaylock has been released from St. Francis hospital, Blue Island, where she was taken following the shooting, but is still receiving treatment for the injuries.

His step-daughter, Judy Roe, 16, and Fred Erickson, 63, who made his home with the Anderson family, received superficial wounds.

Blaylock was taken into custody shortly after the shooting at a gas station in Chicago Heights where he stopped to make a phone call. The attendant became suspicious when he overheard the accused mention a shooting and called police.

The 38-year old Blaylock and his wife Shirley, were separated and he was under an injunction to refrain from molesting her. She was living in the home of her parents with their 2-year old son, where the shooting occurred.

Height of the Rock of Gibraltar is almost 1,500 feet.

BUILDING TOPS—

(Continued from page 1)
vember was \$17,000, ahead of the corresponding month in 1955, when the total was \$74,042,888.

"If we look for the sources of this great gain in the November building total—which includes industries, business buildings, churches, schools, homes and apartments—we find that only \$137,000 of the November gain over November of last year was in Chicago, \$12,620,000 was in the suburban towns and \$4,282,000 in the total of all unincorporated areas.

"The housing picture for November does not lend itself to clear cut statements. In general, the region has produced 5,000 less housing units (homes and apartments) this year. By dollar valuations it is \$24,000,000 behind.

"In November permits for all types of housing included 3,362 units to cost \$50,050,703. In November 1955, 3,355 units, \$48,517,300, were reported. Nearly 500 less units cost \$1,533,000 more dollars. This confirms the impression that larger living quarters are in demand of today. Comparing single family homes in November 1955 with 1956, we find in Chicago a drop from 878 to 355, in the towns a gain of from 1,670 to 1,692, in the county areas, 482 to 512. The net loss is 417 homes but the investment in homes in November 1955 was \$41,163,715, in 1956, \$41,413,153."

In Tinley Park 14 new homes were built in November of this year with a value of \$162,500 as compared with four homes for \$41,000 in November 1955. All building in Tinley amounted to \$176,912 this November as compared to \$51,938 in November 1955. All building for Tinley in October 1956 was \$88,552.

No figures are carried in the report for Mokena, New Lenox, Frankfort or Orland Park but from figures obtained thru building inspectors in those communities it was learned that home building in Frankfort, for example, was approximately \$155,000, while those in New Lenox ran to about \$225,000. In Mokena building ran over the quarter million mark which figure includes nine new homes averaging from \$15,000 to \$18,000.

Sixty eight permits were issued for building in the unincorporated areas of Orland Park township amounting to \$922,250.

Figures on all building for Will county show a marked difference in the November. In November 1956 the total figure for unincorporated areas in Will county was \$625,722 as compared to \$1,430,392 in 1955. The figure for outlying areas in that county for all building in October of 1956 was \$895,840.

Joliet reported \$931,095 for building in November 1956 as compared to \$265,854 in November 1955, and \$385,040 for October 1956. The number of homes built in Joliet in November 1955 was 10 for \$172,000 as compared to 15 homes for \$202,550 in November 1955.

Frank E. Wilson, 85, Former Resident of Frankfort, Dies

Frank E. Wilson, 85, formerly of Frankfort, died Saturday, December 28, in his home in Chicago, following a long illness.

Mr. Wilson was born in Frankfort Feb. 8, 1872, son of the late Mr. and Mrs. William Wilson, of Frankfort.

He and his wife, the former Edna Brown, of Chicago, were married for 56 years.

Mr. Wilson moved to Chicago at the age of 19 and worked for the American Express Co., in Chicago for many years.

Besides his wife, he is survived by one son and three daughters, Clarence E., Mrs. Hazel King, Mrs. Mabel Lewis and Mrs. Myrtle Stecker, and a sister Miss Emma Wilson of Frankfort. A son, Ray, preceded him in death. A brother, Conrad Wilson, died in September 1955.

Interment was in Woodlawn cemetery, Chicago, Monday, December 31.

Currently, about 20 per cent of the nation's electrical energy is generated by natural gas.

Find Housewife Dead of Carbon Monoxide Gas

Mrs. Mary Elizabeth Elmore, 26, a resident of Lincolnwood in New Lenox township, was found dead in the garage at her home Sunday. She was seated in a car. The garage door was closed. The ignition was turned on and the gas tank was empty. She and her husband, James Elmore, an insurance man, were separated. The husband was in Florida, according to Coroner Willard G. Blood.

Mrs. Elmore, according to the coroner, left a note:

"I hope I will be forgiven for this," the note read, "but it is the most sensible thing I can think of right now." It was signed "Missy"

The husband and her parents, Mr. and Mrs. Oscar Nichols, of Waterloo, Ark., were notified. Mrs. Elmore had filed suit for divorce but there had been no hearing.

In the opinion of Coroner Blood, Mrs. Elmore had been dead since Saturday afternoon. It was late Sunday afternoon when she was found.

John Kupka, of the Joliet Municipal airport, came to the Elmore home Sunday afternoon to pick up a car that he had loaned Mrs. Elmore, while her's was being repaired, he told Deputies Charles Hahn and William Palmer, and when he saw no sign of life in the house he went to the garage and looked thru a window to see if the car was there. He could see Mrs. Elmore in the car and thought that she looked dead. He telephoned the sheriff's office and the deputies came out and entered the garage. They notified the coroner.

The inquest is pending and is expected to be held early next week.

Funeral services for Mrs. Elmore will be held in Camden, Ark.

One Pound at Birth, Gaining Steadily; Now 2 lbs. 11 oz.

The tiny baby daughter of Mr. and Mrs. Ronald Thomason, of Hamilton rd., Mokena, who weighed only one pound when born Nov. 28, in Silver Cross hospital, Joliet, is steadily gaining.

The infant, still in an incubator at the hospital, now tips the scales at 2 lbs. 11 oz.

Communities Receive Shares Of Sales Tax

Cities and villages that have elected to share in the state sales tax have received their portions for September, collected in October.

Cities and villages get one half of one per cent of the sales tax collected within their boundaries. The state gets the money for such municipalities at the same time it receives its own. For acting as the agent of the municipalities the state takes 6 per cent.

Mokena's share for September was \$573 while 571 goes to Frankfort.

New Lenox received \$852 and Orland Park \$471.

Tinley Park's portion for September was \$2,348; Lockport received \$3,234.

Amounts received by other communities close to the area, are:

Blue Island, \$11,859; Chicago Heights, \$19,612; Park Forest, \$7,336; Oak Lawn, \$9,018; Harvey, \$14,224; Oak Forest, \$717; Peotone, \$1,269; Beecher, \$802; Hazel Crest, \$449; Midlothian, \$2,262; Joliet, \$45,030; Manteno, \$1,251; Manhattan, \$389; Kankakee, \$20,390; Markham, \$743; Matteson, \$558; Western Springs, \$1,926; Chicago, \$1,754,955.

It takes about 150 days of drilling to sink an oil well below 15,000 feet.

Auto Death Toll Hits 60 In Will County

Auto deaths in Will county were four less in 1956 than in 1955, according to statistics compiled by Coroner Willard G. Blood.

There were 60 persons who died as a result of auto accidents as compared to 64 in 1955. Speed was the big contributing factor in a majority of these fatalities the coroner's records show.

Of the 60 deaths 14 were pedestrians; seven were involved in rail crossing accidents; 18 were the result of collisions with other vehicles and 21 resulted from cars going off the road with no other vehicles involved.

There were some 150 inquests last year. Records show that next to automobiles the greatest cause of accidental deaths was falling. Thirty two persons died as a result of falls in 1956.

There were nine accidental drownings; 10 deaths due to accidental burns; two from accidental gunshot wounds; two from accidental electrocutions; seven from accidental asphyxiation; 21 from suicide and two from homicide.

Going back thru the years the number of homicides in Will county averages three a year. Both of the murders reported in 1956 were committed outside the county and the bodies dumped here, investigations reveal.

One farmer was killed when a tractor overturned; there was one heat death and one traceable to an allergy to penicillin.

Earle Stellwagon Wins Honor for Work in Science

Forty-two graduate students and faculty members in scientific fields at the University of Chicago have been elected to the University's chapter of Sigma Xi, scientific honorary society. Election is based upon demonstrated ability in scientific research. Of the new members, 32 were elected to full memberships, 10 to associate membership. Among those elected to associate memberships is Earle C. Stellwagon, 130 E. Second st., Mokena. Stellwagon is a student.

Among the improvements made at Oak Forest Institutions during the past year was the creation of a new laboratory department from several small clinical laboratories.

Matasovic Main Speaker at 4-H Honors Dinner

John Matasovic, Mokena Hereford raiser and the head of a welding supply company at New Lenox, was the main speaker at the 22nd annual Honor Roll banquet of the Will County 4H Federation held last Thursday night at the Joliet Masonic Temple.

Mr. Matasovic was one of a group of American farmers to make a tour of Russia last summer. He showed slides of agriculture scenes taken on the trip and described the Soviet farming methods.

The grace song was led by Wendell Anderson of New Lenox, and the welcome given by Harold Toepper of Peotone. The response was given by Lawrence Meyer of Manhattan. Ann Zusag, New Lenox, was toastmistress. Miss Zusag also was chairman of the committee on arrangements.

More than 400 persons attended the banquet.

Joliet PMA Local Elects Officers

At the annual meeting of the Joliet local of the Pure Milk association, the following officers were elected: Bruce Anderson, Homer township, president; Dave Wandless, Elwood, vice president; Ralph Klett, Joliet, secretary-treasurer; Julius Sew-

ing, Elwood and Aaron Greenwood, Manhattan, both reelected directors for two years.

The other two directors are Bill Davidson, of Minooka and Joe Eich, of Joliet, who were elected last year for two year terms.

Mokena Civic Association to Hold Election Jan. 15

The Mokena Civic Association will elect officers for the current year at its annual meeting Jan. 15.

Members of the nominating committee are, Warren Manker, Marion Owens and Charles Swanberg. Mr. Swanberg is chairman.

Mrs. Henry Andresen Hostess to Orland Home Bureau Group

Mrs. Henry Andresen opened her home to the regular meeting and Christmas party of the Orland Home bureau recently.

Mrs. Claradehl Upham, Home Adviser, gave the lesson on "Some Aspects of Legal Rights of Property Owners," and a discussion followed.

The nominating committee consisting of Mrs. Andresen, Mrs. Raymond Myrick and Mrs. Charles Bezdek presented the following for officers for the coming year: Chairman, Mrs. Bezdek; vice chairman, Mrs. Oscar Mack secretary and treasurer, Mrs. Nick Cacic.

Following the gift exchange dainty refreshments were served from a table attractively decorated in the Christmas motif.

St. Michael's Party

The annual Christmas party of St. Michael's church guild, held in the church auditorium was much enjoyed. Mrs. Robert Malloy, chairman was assisted by Mrs. John Jaklich, Mrs. Henry Fitzpatrick, and James Daluga. A play was presented for the entertainment, entitled, "Sisters Under the Skin." The cast was composed of the Mesdames, Keiran, Heinen, Loomis, McCormick and Malloy.

The group presented a jewelry case to the Rev. Frank Coyle; a pair of cuff links to the Rev. Stanley Rutke. They were made from a Chinese warrior's sword 400 years old, and were engraved with war birds. The Sisters each received a towel set and two hand painted Chinese Madonna's painted on silk by blind Chinese converts.

Two Christmas solos were sung by Fr. Coyle, accompanied by Fr. Rutke.

Refreshments were served by Mesdames, McCann, Tabbert, Franz, Czworziak, O'Hara, Connel, Twining, Fitzpatrick, Manie and Piekarz.

Orland Couple To Wed Jan. 26

Mr. and Mrs. Elston Oranger of Orland Park are announcing the engagement and approaching marriage of their daughter Diane to John W. Doss, son of Mr. and Mrs. Weldon Doss, also of Orland Park.

The wedding will take place in the Orland Park Methodist church Saturday, Jan. 26.

Lincoln-Way PTG

The regular meeting of the PTG of the Lincoln-Way high school will be held Wednesday evening, Jan. 9 at 8 o'clock.

Because of the type of program planned for the occasion, the meeting will be held in the gym instead of the cafeteria.

The program will consist of a wrestling exhibition put on by the students, coached by Harold Weber, and the girls in the physical education classes with Miss Sprayberry, instructor, will give a demonstration.

Refreshments will be served.

Santa Gives Out 30,000 Candy Bars On Tinley Visit

The Elmore Real Estate Co. arranged for Santa Claus to make his second annual appearance in front of their office on Oak Park ave.

During his visit from Dec. 11, until Christmas Eve, Santa gave away 30,000 candy bars to children in the community.

Grover C. Elmore who arranged for Santa's visit, hopes all of the desires whispered into Santa's ears by Tinley small fry, were fulfilled.

About 48 per cent of the nation's proved reserves of natural gas are located in Texas.

Methodist Women At Tinley Plan Annual Meeting

The general meeting of the Women's Society of Christian Service of the Methodist church at Tinley Park, is planned for Jan. 8 in the church social hall at 8 pm.

Preceding the business meeting, a fifteen minute prayer group is planned, and Mrs. Walter F. Fierke will give the devotions.

An interesting program has been planned by Mrs. Nicholas Schullen by the presentation of a narrated film strip entitled "The Pink Ladies of Manteno State Hospital, or the Power of Pink." Mrs. Ida Grossfeld of Park Forest will be present to answer questions and discuss the film.

Music chairman, Mrs. Vernon Wiley has arranged special music to be presented by Virginia Hite.

Refreshments will be served by the Miriam circle.

All women of the church are welcome.

By 1965, farm output per man-hour is expected to rise 40 per cent. The key to this efficiency is mechanization, which depends on petroleum products.

WHAT IS AN ESCROW?

You may wonder what lawyers or real estate men mean when they use the term "escrow". The word may sound strange, but the basic idea is quite simple. An escrow is a method of carrying out contracts through a disinterested third party (a "middle-man") who is called the "escrowee". In a simple case, the escrowee's job may be to hold the money of one party to a contract until the other party delivers certain documents. Then the escrowee makes the exchange, and the transaction is complete.

The escrow is the set of instructions given to the "escrowee" by the parties to the contract, telling him what conditions must be fulfilled by the parties to the contract before he may release the documents or funds he is holding.

Who May be the Escrowee?

The parties may name anyone they choose as their escrow agent, for example, some person in whom both parties have confidence. Nowadays financial institutions such as title companies or trust companies act as escrowee in most business transactions. Some of these institutions have employees who do nothing but escrow work.

Buying Your Home

Escrows are frequently used by people and selling homes. For example, when John and Ellen Carey decided to buy a home from Bill Stone, their lawyer told them that for certain technical reason, it would be impossible to determine whether they would obtain a free and clear title until some time after Bill's deed was recorded in the office of the recorder of deeds. John and Ellen naturally wanted assurance of good title before they paid Bill, so their lawyer suggested the use of an escrow. The escrow provided that Bill was to give the escrowee a deed conveying the property to John and Ellen, and that the escrowee was to record the deed as soon as John and Ellen give the purchase money to the escrowee. This money will be paid to Bill only when it has been determined that good and merchantable title is conveyed by the deed.

The escrow also provided what was to be done in case the deal fell through. If Bill's deed does not convey good title to John and Ellen, the purchase price was to be returned to John and Ellen, and title restored to Bill. By use of this device, John and Ellen can be certain that their money will not be paid until they know Bill's title is good. And Bill knows that the money is ready for him if his title is good.

Another major use of escrows is to guarantee performances of contracts requiring delayed performance. For example, Jim and Joe each own 50% of the stock in a corporation, and each agrees that, on the death of the other,

his stock will be sold to the other at a certain price. Each can deposit the stock and the amount of the purchase price with an escrowee under instructions to transfer Jim's stock to Joe on Jim's death and pay Jim's estate the purchase price if Joe dies first. Both know that deposited by Joe, or vice versa the purchase money and the stock will be available to complete the contract.

When real estate is sold under an installment contract, the deed is often similarly put into an escrow to be delivered when the purchase price has been fully paid. This avoids difficulties arising if the seller dies in the interim.

Caution

Escrow agreements must be

carefully drawn by experienced counsel, because many contingencies must be provided for. Also, the escrowee should be carefully selected, because he must follow the escrow instructions to the letter. If the escrowee is a bank or other corporation, it must be empowered by special law so to act.

(This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.)

FARM NEWS

For
Cook County
by

W. E.
Whiteside

assistant farm adviser

Annual reports, Christmas, New Year's and a new addition to the family have complicated matters in the extension office of late. With the return of normal routine, the annual report was scrutinized.

It revealed many interesting facts about accomplishments in agricultural extension work.

For instance, it is the largest adult educational organization in the United States.

4H Club work is one of the leading youth organizations in the world. In Cook County there are 77 organized clubs with 1,327 members.

Over 100,000 people were contacted through meetings, letters farm visits or office calls.

There are 1,619 local volunteer leaders who helped make the program successful. We are deeply indebted to these people and appreciate their time and effort.

It has been my pleasure to visit many of your farms and homes during the past year. This has been one of the most pleasant aspects of extension work.

I have received several calls about soil bank participation. Here are some key points to remember in managing soil bank acres.

1. Cover all diverted areas with vegetative cover. Use good quality weed free seed of long-lived, adapted grasses and legumes.

2. Use sound soil management. Apply commercial fertilizer in accordance with needs as indicated by the soil test. Prepare good seedbeds, inoculate the seed, and follow all other recommended seeding practices.

3. Construct approved soil and water conservation devices, if financial or technical assistance is available, to further a long-range conservation program on the farm.

4. Control weeds by clipping if necessary. Delay clipping until after the bird hatching season if practicable. Use chemicals to spot treat areas infested with weeds, if possible, in order to avoid or delay clipping. University of Illinois Extension Circular 766, available at my office, gives more information about management of soil bank acreage.

George DeVries, Evergreen Park, president of the Cook County Health Improvement Association, announces the enrollment period for Blue Cross and Blue Shield. These plans are available to rural Cook County residents through the Health Improvement Association. The enrollment period is Jan. 14 thru 25th.

"Colloidal phosphase" is really a form of phosphate. Some farmers in Cook County have been approached about buying this product.

The phosphorus is colloidal phosphate, like ordinary rock phosphate, will give good increases in crop yields when used on soils testing low in phosphorus. The main difference between these two materials is in the amounts of phosphorus they contain. Colloidal phosphate carries from 18 to 20% of phosphoric acid, or only about two-thirds as much as rock phosphate, which contains 30 to 33%.

Colloidal phosphate is a by-product of the mining of rock phosphate. It is sometimes called "waste pond phosphate" because the fine material may be washed into ponds and settle out. When the water is drained off, the colloidal phosphate contains a larger portion of clay than rock phosphate.

Every year oil companies spend upward of \$100 million for materials to make up drilling mud, a fluid vital in the drilling of oil and gas wells.

Revenue Director Sues to Collect State Sales Tax

(CNS)—Illinois state revenue director Richard Lyons has filed suit in Superior Court to collect unpaid Retailers Occupation Taxes from merchants in Chicago Heights, Palos Park and Blue Island.

A suit against Hazel Grimm, owner of Grimm's Grill, at 2204 Chicago rd., in Chicago Heights charges she owes \$741.34 in back taxes and interest. The suit says she owes \$302.58 in tax for August, 1954 and January through May, 1955 plus \$30.26 penalty, computed at 10 percent of the tax. For the period from September, 1955 through March, 1956, according to the suit, she paid only \$32.91 of a total amount owed of \$441.41—which includes a tax for that period of \$401.28 and a penalty of \$40.13.

The suit against Dolores Lyons, doing business as Hickey's Tavern, at 8607 W. 95th st., in Palos Heights, says she owes \$2,170.42 in taxes and penalties for the periods of May, 1954 thru August, 1955 and January thru July, 1956. She paid \$250 tax in that period, according to the suit.

The suit against Jeannette Winters, owner of Jeannette's Lunch Room, at 13442 S. Western ave., in Blue Island, charges she owes \$348.28 in tax and penalty.

Still Hopes to Make Quota in Seal Campaign

Altho the Will County Tuberculosis Association lacks of its 1956 Christmas Seal sale quota, the goal can be realized if every resident who received Christmas Seals in the mail would make his return promptly.

"When the 1956 campaign books were totaled today, Christmas Seal returns totalled \$26,755.50," Martin P. Gleason, chairman said. Since the Seal sale letter may have been mislaid amid the piles of Christmas mail and is just now being discovered late returns could still make it possible for the Will County Tuberculosis Association to meet its quota.

"I should like to urge everyone who has not yet done so to get his Christmas Seal returns in at his earliest convenience. While the response to the Christmas Seal sale has been generous, the association must realize its full quota for its 1957 offensive against tuberculosis in Will County."

Gleason pointed out that the tuberculosis association planned to fight tuberculosis in the community during the new year thru case finding, health education, rehabilitation, and support of medical research. In particular under the program of case finding is the installation of hospital admission x-ray equipment in both hospitals in Will County.

"Every purchase of Christmas Seals is a weapon against tuberculosis, a dread, communicable disease which kills nearly 45 persons a day, causing one death every half hour," Gleason concluded, "we need every weapon we can get to fight this enemy of health."

Frankfort township residents have contributed \$729. to the Seal fund. The amount sent in from New Lenox township is \$629.

Expert Advises Prompt Care of Gift Plants

Flowering plants are welcome holiday gifts to brighten the home, but their loveliness soon fades if they are not given proper care, says G. M. Fosler, University of Illinois floriculture specialist.

Since gift plants are usually in full bloom when you buy or get them, they almost always need prompt watering. Keep the soil moderately moist so that the plants will not wilt. Watering from the bottom (immersion method) is generally the best method, but there should be some way for the excess water to drain off.

Except near a window the average room does not have enough light to allow a plant to carry on the process of manufacturing food. Flowering plants do best when placed in a south, east or west window just out of the direct rays of the sun. Do not place them near radiators, air conditioners or in drafts. Keep the temperature at not over 75 degree during the day and 15 to 20 degrees lower at night.

Promptly remove the withered blooms and damaged or diseased leaves. This will help keep the may help to keep it in bloom.

Richard Nieland New Supervisor Of Green Garden

Richard Nieland, town clerk of Green Garden, has been appointed supervisor of that township by the town board to succeed William H. Bettenhausen.

Mr. Bettenhausen, who has been ill since last fall will continue to be hospitalized, it was said.

The board also named Fred Gast to fill out Nieland's term as town clerk. Nieland's term as clerk will expire next spring.

Bettenhausen's term as supervisor, however, would not have expired until 1959 and Nieland will serve out the term, it was explained.

Mr. Bettenhausen was named to the board to fill out the term of Floyd Krapp after the latter took office as county treasurer. That was Dec. 1, 1954. In April of 1955 Mr. Bettenhausen was elected to a four year term.

He is in Silver Cross hospital and because of his health is unable to continue serving the township as supervisor.

Mr. Nieland and Mr. Gast are both Green Garden farmers.

ORLAND PARK

Mrs. Sherman Knox
Orland Park: Fieldbrook 9-0211

There will be a meeting of the committee of Boy Scout troop No. 251 at the Ed Mell home on Jan. 8 at 8 p.m. After a Holiday recess, the members of troop 251 will resume their regular weekly meetings at the legion hall, Monday, Jan. 7 at 7:30 p.m.

Laurel camp 1796 RNA will hold a "special" meeting Wednesday afternoon, Jan. 8 at 1 p.m. sharp in the home of Elsie Robinson, 9971 143rd pl. This meeting is important and all members are urged to be present. Thursday evening, Dec. 27, the members met at the home of Gertrude Gray for their Christmas party. Bunco was played, followed by the gift exchange. Refreshments were served by Gertrude, assisted by Anna Yunker, Mabel Ekberg and Elsie Robinson. The table center consisted of a large gumdrop tree surrounded by fir branches decorated with Christmas ornaments. Cookies and jello were all decorated in Christmas colors.

The Cancer dressing group will meet Wednesday, Jan. 9 at 10 a.m. in the home of Mrs. Stanley Ray, 145th pl. and Beacon st. Those attending are to bring a sandwich; coffee and dessert will be served. Although this project is sponsored by the Orland Park Woman's club, any one in the community is invited to come and help make these worthwhile dressings for the loan shelf to be distributed to home cancer patients. Men's white shirts, sheets and pillow cases which are in the discard can be used. Contact Mrs. Harry Pihl who will gladly accept any

of these items.

Mrs. Spencer Brown of Orland Park will present the program when the Women's Society of Christian Service of the Methodist church meet Thursday evening, Jan. 10 at 8 o'clock in Wesley hall. The evening circle will be in charge of refreshments. Members are urged to attend and bring a guest.

Mabel Ekberg will entertain the Orland Park American Legion Auxiliary, 526, Friday, Jan. 11 at 8 p.m. All members urged to attend. 1957 dues are in order and can be renewed with Gustie Hallinan.

Mr. and Mrs. Elmer E. Johnson of Pound, Wis. were holiday guests of their daughter, Mrs. Clarence Kelsey.

Mr. and Mrs. James Gray entertained at Christmas dinner, her parents, Mr. and Mrs. Walter Yunker, brother Walter, sister Mr. and Mrs. Arthur Oakes and son David of Chicago, and brother, Mr. and Mrs. Wallace Yunker and daughters Linda and Laura of Mokena.

Sunday, Dec. 30, the family had dinner with Mr. and Mrs. Arthur Oakes. New Years day, the family met for dinner at the home of their parents, Mr. and Mrs. Walter Yunker.

Mr. and Mrs. Herman Uthe and Mrs. Herman Nicolai were Christmas dinner guests of Mr. and Mrs. Harley Uthe.

Mr. and Mrs. Harry Anderson entertained at dinner Christmas Eve and served traditional Swedish food to about 20 guests. Present were Mrs. Andrew Oberg, Chicago; mother of Mrs. Anderson, the Bernard Becker family, John Sandquist, Mrs. Ulla Helgeson, the Robert Moffet family all of Chicago; Mrs. Karl Ekberg and Ivar Benson of Orland Park.

Mr. and Mrs. Harry Pihl spent Christmas eve with their son, Richard and family. Christmas day they enjoyed dinner at their daughter's home, Mrs. Harold Braasch's.

Mrs. Gustie Hallinan entertained her family and children at Christmas dinner.

Mrs. Sherman Knox and family enjoyed Christmas dinner at the home of her daughter, Mrs. Robert Driscoll in Lockport.

Mr. and Mrs. Theodore Thomas of Battle Creek, Mich., spent the holidays with her mother, Mrs. John Loebe.

Arthur Creer has completed his schooling at Endicott, New York and arrived home in time for the holidays. He has received his summons for induction for service and will report some time in January.

Mrs. Elsie Broadbent of Oshawa, Ontario, Canada spent the holidays with her daughter, Mrs. Clarence Creer.

Mrs. James Creer entertained her family, Mr. and Mrs. Clarence Creer, Owen, Arthur and Mrs. Broadbent at a Christmas dinner.

Mrs. Della Brown is a patient at Little Company of Mary hospital.

Roy Loebe who has been on the sick list the past three weeks was taken to St. Luke's hospital where he will undergo surgery.

James Butler of Goodings Grove is a patient at St. Francis hospital.

Members and their guests of

the Day circle, WSCS Methodist church, enjoyed their Christmas party, Dec. 27, in the home of Mrs. Karl Ekberg. A covered dish luncheon was served at noon. Mrs. George Gee Jr. and Mrs. Sherman Knox assisted the hostess. A Christmas program "Christmas at Home" was presented by Mrs. Knox, assisted by Mrs. Thomas Cooper and Mrs. George Gee, leading the singing of Christmas carols. After the program gifts were exchanged. The members enjoyed visiting with each other.

Pfc. Kenneth Sayers, son of Mr. and Mrs. Earl Sayers, and wife are enjoying the holiday season with their folks in Orland. Kenneth is stationed at Ft. Hood Texas and has a 20 day furlough. He will return to Texas in a few days and hopes to be discharged from service sometime in March. His wife will not return with him and will stay in Orland until he is discharged.

CUB PACK 272

Tinley Park Cub Scout pack 272 observed its December meeting at a Christmas party. It was held in the gymnasium of the Tinley Park school, with their sisters and brothers as guests.

Cubmaster Charles Moore distributed the following awards:

Wolf badge to Brian Smothers and Silver Arrows to Richard Carson, Jack Blitzvich (2), Carl Klingaman, Gregory Warner.

Craig Miller, of den 5 was graduated into Boy Scout troop 255. He said goodbye to the Cub Scouts and was welcomed into the Boy Scouts by Scoutmaster Albert Ciliske.

All the Cub Scouts sang Christmas carols, led by Mrs. Robert Lillie, accompanied by Walter Reed at the piano. Den 10 put on a reindeer and Santa Claus skit to carry out the party theme. Santa Claus arrived later and passed out gifts from large bags, and candy bars were given to all children.

Friday, Dec. 21, 75 Cub Scouts paid a Christmas visit to many wards in the Oak Forest institution, delivering little gifts of cookies and singing carols. Their singing was accompanied on the accordion by Cub Scout Allan Ebell.

It was a crucial moment when Jim Casey, of the Tinley Park grade school, No. 14, loosed this shot at the basket in the grade school tourney at Ludwig school in Lockport last week. The score was 21 to 19 in favor of West Aurora and if the ball had dropped thru the net the count would have been 21 all—but it didn't. A few seconds later West Aurora had added two more tallies via free throws and the final gun had sounded. (Times Photo)

Tinley Grade Five Loses in Ludwig Tourney

The Tinley Park grade school basketball team was knocked out of the holiday invitational tournament held at Ludwig school in Lockport last week.

The Tinleys lost the first encounter to West Aurora 23 to 19, which dropped them into the consolation round.

In their second game the Tinley lads were in the running all the way and bowed out only in the closing seconds.

Tinley's loss can be attributed to the fact that their opponents had an edge in control of the backboards.

The tournament ended last Saturday night with East Aurora as the winner. East beat Ludwig in the final game, 30 to 29. In the consolation round Chaney defeated Plainfield 25 to 24 in third place.

Sportabout

by Jack Maypole

Visitors at the country's 58 major boat and sport shows are seeing bigger boats, bigger horsepower engines to drive them and plenty of style in both categories.

All the major outboard motor manufacturers have boosted the horsepower of their biggest engines. Johnson, for instance, has boosted its horsepower from 30 in 1956 to 35 in 1957. This move is attributed to the demand for larger boats—boats that will accommodate the entire family.

Of the 1957 season's 58 major shows at which boats and motors will be put on display, top honors must go to the Chicago National Boat show, being held for the 24th year at the Windy City's International Amphitheater under the auspices of the Outboard Boating Club of America.

A preliminary survey of exhibitors made by the OBC disclosed that 149 boat builders, 12 outboard motor manufacturers, 28 trailer firms and about 155 marine accessory companies will show their wares at the mammoth display.

Last year, the Chicago show occupied 7½ acres. This year 152,320 square feet of floor area have been added to accommodate all the manufacturers who want to display merchandise. In 1956, 240,250 people visited the show. More are expected this year.

Orland Group Seeks Funds to Light Small Fry Baseball Field

The Orland Little League Men's group will meet at the home of Bill Zinn at 8 p.m. Wednesday, Jan. 23, for the purpose of electing officers and formulating plans for the Small Fry baseball season.

To procure funds for the installation of lights on the Orland baseball field, the organization is sponsoring a series of game parties, the first of which will be held at 8 p.m., Jan. 10, in the Orland American Legion hall.

Small Fry, Pony and Colt leagues who use the baseball diamond, will play night games under the lights.

Members of the organizations made a house to house canvas in Orland yesterday to sell tickets to the games being held to raise funds for the lights.

Lewis College Drops Football . . . Costs Too Much

Brig. Gen. Paul X. English U.S.A. (Ret.) President of Lewis college, Lockport, announced yesterday that football will be dropped as an intercollegiate sport at Lewis college. English stated that the dropping of football was directed by the action of the board of directors of Lewis college only after extensive thought and study. This action, English stated, was due to the tremendous cost of football and lack of attendance at games. The board of directors and President English regret the necessity for this action, but from a realistic standpoint no other action appeared possible, it was said. Many university and colleges have been forced in recent years to drop football for financial reasons. President English also stated that there would be no de-emphasis on the other intercollegiate sports, basketball and baseball. Rather, he said, their will be an intensified emphasis on that portion of the intercollegiate program as well as the intramural athletic program.

One out of every four floor furnaces sold in American last year was built to operate on liquefied petroleum gas.

(Editor's Note: This is one of a series of articles prepared by local clergy designed to produce greater church attendance between now and Easter.)

Many churches throughout the nation, particularly in the Chicago area, are launching a Church Attendance Movement, starting on January 6, and continuing to Easter Sunday. Each church member is urged to make a commitment to worship at his church every Sunday.

The strength and power of the churches are found within the membership, through faith in God.

The strength of our nation is in its spiritual foundations. The Bible speaks this sound word, "Happy is that people whose God is the Lord." Psalm 144:15. A layman of the Church spoke his conviction thus, "When we fail to attend church as regularly as possible, we are, in effect, chipping away at the cornerstone of our democratic way of life, which was founded and perpetuated by religious ideals."

Truly "The Answer is God." Worship Him every week.

If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. (11 Corinthians 5:17.)

Last spring I received a letter from a lady, a widow, who lives in a big city hundreds of miles from any relatives. She works to support herself. Two years ago she underwent major surgery, followed by a long period of recovery. As a young woman, she had been a Christian, but later drifted away. Following the death of her husband about four years ago, she turned back to God and the Church.

She wrote in her letter: "We are having some wonderful Lenten services at our church, and I am enjoying them so much. I just love my little church. It is difficult for me to describe my feeling, but somehow I feel as if the church is a part of me and wonder how I lived without it. Life is now so different. No problem seems difficult any more. God is with me wherever I go. Loneliness is not bad any more. Illness and pain are easier to bear. I'm sure you understand."

Knowing Christ enables one to really live.

PRAYER

Our Father, forgive us where in we have tried to live our lives without Thee. Help us so to give ourselves to Thee that we may know Christ and the joy and victory which he alone can give. In His name we pray. Amen.

THOUGHT FOR THE DAY

Am I really living, or am I just passing time and occupying space?

Lists Primary Causes of Baby Pig Losses

In the 'old days' farmers just naturally expected to lose a certain number of baby pigs. But evidence today shows that a farmer doesn't "just naturally" have to lose so many of his pigs. In fact, he can't afford it.

Dr. Jesse Sampson of the University of Illinois College of Veterinary Medicine says that Illinois has been cooperating with about a dozen other mid-west states in studying death losses of baby pigs.

This study has shown that baby pig losses apparently occur primarily from three causes: (1) faulty nutrition of the sow during pregnancy, (2) bad housing and environmental conditions at farrowing and (3) exposure of the new-born pigs to various infections.

Dr. Sampson explains that

faulty nutrition of the pregnant sow can involve a number of deficiencies in the diet, such as lack of enough vitamin A and protein in the ration. Cold, damp pens and farrowing quarters may lead to scours and other digestive disturbances that take their toll of young pigs. He adds that baby pigs seem to be particularly susceptible to infections of the digestive tract.

Dr. Sampson emphasizes the importance of adequate nourishment for young pigs, especially during the first few days of their lives. Some pigs are weakened because they can't get enough milk from the sow.

Artificial heat can be used to prevent chilling of young pigs in cold weather.

Business and Finance

Maurice P. Angland

One of the fundamental mistakes that many investors make is to assume that if they are able to correctly judge the general business trend for a reasonable period ahead, they would be able to experience favorable investment results. The fallacy of this conception is that many companies and even whole industries have not participated in the business prosperity of recent years.

It is expected that 1957 business activity will be more or less a continuation of the activity of 1956. Fortune magazine forecast for 1957 states that "the proportion of business executives who expect an increase in their own sales in twelve months has been rising steadily from about 55 percent a year ago to 70 percent at this time."

The Business Outlook, a publication of the Bureau of National Affairs, states that the forecast for 1957 is rather optimistic, but also goes on to state: "Of course, there never is a period in which everyone prospers without exception. In the boomiest of times, some enterprises fail, just as some others manage to do well in the midst of recession. But there usually is a trend that sweeps along the great majority of business in the prevailing direction."

More and more investors are distinguishing between the saving of dollars and the saving of purchasing power. One of the large financial research organizations has just completed a study entitled, "Common Stocks and the Cost of Living." The study analyzes common stock prices, dividends and the cost of living in 354 time intervals over a period of 85 years beginning in 1871. It was found that investors had inflation in store for them more than half of the time since 1871. Against this background, common stocks have increased in value in 96 percent of the twenty year periods since 1871 and in all of the thirty year periods of rising costs.

The study further finds that even in all twenty years periods of deflation and declining living costs, the investor has actually experienced rising stock value 8 times out of 10.

It is pretty generally assumed by leading figures in the financial world, that today a certain degree of inflation has been "built in" to our economy by social and political pressures. The wise investor must learn to live with inflation as comfortably and happily as possible.

Many investment analysts although believing that 1957 business will be good, they are concerned with whether profit margins will be as good in 1957.

Chemicals are one of the favorite industries. Capital expenditures in chemical industry in 1956 will total \$1.5 billion or 47 percent more than 1955. Estimates are that 1957 will exceed 1956. Since 1952 the rate of growth of industrial chemicals has averaged 10 per cent annual

ly as against 3 per cent for the rest of the industry. Research budgets of close to \$400 million annually do much to assure maintenance of the industry's growth record. Chemical stocks were selling at price earnings ratios that discounted growth far into the future, but at present, market price corrections have changed this picture. Dupont was down 24 per cent from its 1956 high, Allied Chemical down 31 per cent, Union Carbide 20 per cent, Monsanto 31 per cent and Dow 17 per cent.

Says Persons Over 45 Have Little to Fear From Polio

Persons over 45 years of age have small reason to worry about contracting poliomyelitis. Children and adults under 45

In giving this advice, Dr. Roland R. Cross, director of the Illinois department of public health, pointed out that now is the time to build defenses against the 1957 polio season, expected to start in the spring.

Ample quantities of polio vaccine are available commercially to private physicians, Dr. Cross said. The state and federal funds allocated to purchase the vaccine for free Illinois distribution have been used up.

Deplores Use of State Funds for Private Needs

BY MAURICE W. SCOTT
Executive Sec. Taxpayers Federation of Illinois

Illinois taxpayers would have a merrier Christmas and certainly a happier New Year if "Christmas Tree" costs were eliminated from state appropriations. The term "Christmas Tree" describes gifts to private organizations from State funds. While many such groups are worthy, public support of their work is questionable policy.

For example, in recent Budgetary Commission hearings the Illinois Department of Public Health asked for \$10,000,000 more than the present biennium, but neglected to mention that included in the request was taxpayer support for the private Illinois Statewide Public Health

Committee—a group devoted to lobbying for the creation of county health departments.

Also, if the Illinois Veterans Commission appropriation follows the present pattern, included is \$42,200 for private veteran organizations. When the Veterans Commission wrote to these groups asking how the taxpayers' money had been spent, only one replied.

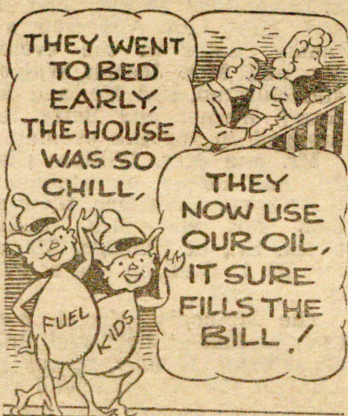

So far, no budgetary request has come from the Department of Agriculture. When it does, Budgetary Commission members should look for \$17,000 for the Illinois Horticultural Society—the amount spent for this private group last time.

How much of the expense of the Illinois State Historical Society is paid by the State Historical Library? How much will the Federally-chartered Civil Aid Patrol draw from the Illinois Department of Aeronautics? These all present opportunities for economy open to the mem-

bers of the budgetary commission and the Governor.
